

Sprint 5 Groomed Backlog

Team Members: Stephen Feddes, Nicolas Paredes, Julian Pizano

Committed number of story points: 37

of stories: 5

Percent spike story points: $7/30 = 23\%$

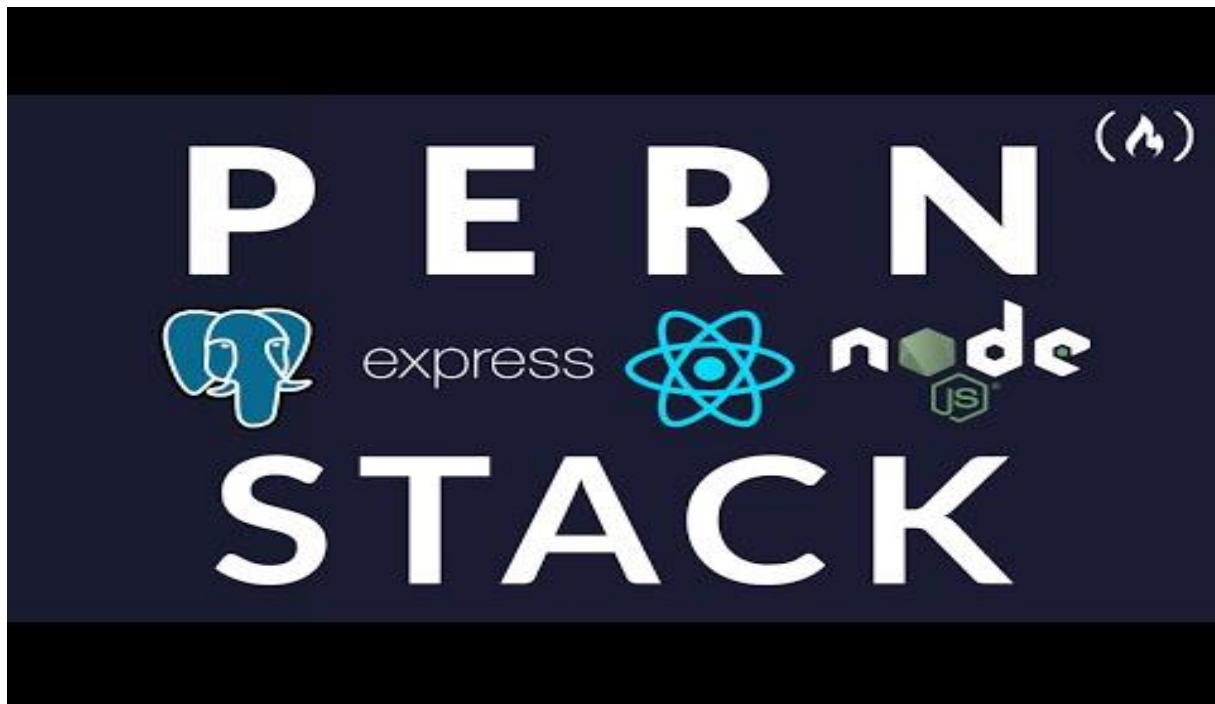

story points / team member: 10

Spikes:

Spike[1]: As a product owner, I want each team member to watch and learn how a PERN (Postgres, Express, React, Node) application is built so that they can better understand the application's stack.

https://www.youtube.com/watch?time_continue=1387&v=ldYcgPKEZC8&embeds_referring_euri=https%3A%2F%2Fwww.google.com%2Fsearch%3Fq%3Dpern%2Bstack%26rlz%3D1C1CHBF_enUS1090US1090%26oq%3Dpern%2Bstack%26gs_lcrp%3DEgZjaHJvbWUyCQgAEEUYORiABDIHCAEQABiA&source_ve_path=MzY4NDIsMjg2NjY&feature=emb_logo

Estimate: 3 points. Priority: P0 (Highest priority level)

Spike[2]: As a product owner, I want each team member to watch and learn how authentication with the PERN (Postgres, Express, React, Node) stack works

<https://www.youtube.com/watch?v=7UQBMb8ZpuE&t=1s>

Express

Learn JWT with the PERN stack by Building
a Login and Registration system

Part One

Estimate: 4 points. Priority: P4 (Low priority)

Stories:

Story[1] "As a user, I would like to be able to create leagues."

Estimate: 5 points. Priority: P1. Committed: Julian Pizano

Story[2] "As a user, I would like to be able to view leagues."

Estimate: 6 points. Priority: P1. Committed: Nico Paredes

Story[3] "As a user, I would like to be able to delete leagues."

Estimate: 4 points. Priority: P2. Committed: Nico Paredes

Story[4] "As a user, I would like to be able to update leagues."

Estimate: 5 points. Priority: P2. Committed: Julian Pizano

Story[5] "As a user, I would like to be able to see projected stats for games a player will play in the current week. This needs to be updated daily. (10 pts.)"

Estimate: 5 points. Priority: P1. Committed: Stephen Feddes
